"Harvest Festivities "

It is time to celebrate the Fall with Harvest festivities. Giving thanks for our families, food and health are some ways that we can celebrate this time of year. Doing kind deeds and thinking of others is an easy way to share joy and happiness. When we are at home listening to our parent and when we are at school listening to our teacher shows that we care very much about our family and education. Being kind and polite will make everyone feel good and does not cost any money. Being grateful for our food and sharing canned items are other ways to celebrate they bounty of harvest. So enjoy the change of weather and keep a positive attitude during this harvest time.
